

Column Handles PVZ

Especially suitable for the carrying and laying of round and rectangular concrete or wooden columns. Diameter: 180 – 200 mm.

➤ Clamping is independent of the length.

➤ Constructed in such a way that the columns can be set close enough to touch one another.

➤ The PVZ-V is an adjustable model.

➤ Galvanised finish

Type	Gripping Range* W mm (in)	Gripper Length L mm (in)	Working Load Limit WLL kg (lbs)	Dead Weight kg (lbs)	Order-Number
PVZ ①	200 (7¾")	80 (3¼")	150 (330)	6 (13)	5320.0030
PVZ-V ①	100 – 305 (4 – 12")	80 (3¼")	150 (330)	8 (18)	5320.0031

Column Grab MPVZ-V

For use with a carrier and especially suitable for lifting concrete and wooden columns from a horizontal to a vertical position for installation. Clamping is independent of the length.

The MPVZ-V is for the use of rectangular columns and round palisades. Adjustable gripping width.

Standard Specifications:

➤ Swivelling grippers

➤ Highly durable, exchangeable rubber pads.

Type	Gripping Range* W mm (in)	Working Load Limit WLL kg (lbs)	Dead Weight kg (lbs)	Order-Number
MPVZ-V ①	120 – 200 (4¾ – 7¾")	300 (660)	30 (66)	5310.0233

Stone Pillar Grab SLS-8/20-G-VA

Stone pillars and palisades, mainly made of attractive natural stone such as granite, become increasingly popular in horticulture and landscaping. For efficient installation the handy stone pillar grab SLS-8/20-G-VA was designed. Suspended to a lifting device, such as a mini excavator, the horizontal pillar is clamped through a crank handle. The gripping force automatically increases while lifting and the pil-

lar can be raised safely and installed easily.

After installation the crank is to be released.

➤ **NEW:** The lifting eye can be adjusted to the center of gravity of the product being lifted to let it hang vertically.

➤ Double-sided, non-marking rubber grippers, thus no claw marks or scratches on pillars and palisades.

Type	Gripping Range* W mm (in)	Working Load Limit WLL kg (lbs)	Dead Weight kg (lbs)	Order-Number
SLS-8/20-G-VA ①	80 – 200 (3 – 7¾")	300 (660)	11 (25)	5310.0409
GB-SLS ①				4310.1415

Rubber grippers to retrofit stone pillar grab SLS-10/20 (Order-Nr. 5310.0321) equipped as standard with steel pads. Rubber grippers will not cause damages to the stone elements – gripping range is then reduced from 80 to 180 mm.

Hollow Slope Block Handles FSZ

Especially suitable for the handling of hollow slope blocks and similar elements which can be lifted by hand.

➤ Grips from the inside

➤ Removable double handles

➤ Galvanised finish FSZ/FSZ-M

➤ Large adjustable gripping range to match all current hollow slope blocks.

FSZ-M for Lifting Devices

with lifting eye, handle, automatic release for fully automatic switch-over from "full" to "empty".

Type	Gripping Range* W mm (in)	Working Load Limit WLL kg (lbs)	Dead Weight kg (lbs)	Order-Number
FSZ ①	180 – 580 (7 – 22¾")	150 (330)	8 (17)	5320.0001
FSZ-M ①	180 – 580 (7 – 22¾")	250 (550)	16 (35)	5320.0002

*Gripping range indicates the minimum and maximum pack measurements of building materials, which can be picked-up with this grab.

① Durable surface protection by galvanizing
